Notice to Agents is Notice to Principals Notice to Principals is Notice to Agents

To the Attention of: Provost Marshal General, Judge Advocate General of the Army, Navy, Air Force, Space Force and the Coast Guard, Judge Advocate General, Department of Defense, Judge Advocate Division/Offices of the General Counsels of the Military Departments, National Guard Bureau Chief, Army Brigadier General, Legal Counsel to the Chairman of the Joint Chiefs of Staff, Commander in Chief of the American Armed Forces:

The Nevada Assembly is in session and has accepted The Nevada State Trust. Nevada is a State of the Union and a member of The Federation of States operating as The United States of America Unincorporated. We will be in continuous session at least for the next 5 years cleaning up the mess created here within the contiguous borders of Nevada by over a century of run amok unlawful and illegal activities perpetrated by incorporated entities.

After 1860, all land interests entered into Territorial Statehood according to The Northwest Ordinance. As of October 1st (first) of 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record. Now, all 50 (fifty) States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest. The Corporations, including incorporated Corporations, which have been established in our names ever since 1860, are all interrelated to associations and charters granted by the Kings and Queens and Popes operating in our names via fraudulent assumption of powers never granted to them, and now all those parent corporations are bankrupt and in receivership to us, their Priority Creditors. Every single one.

If they fail to operate lawfully --- a far higher standard than to merely operate legally -- the corporations will be dissolved, and their officers will be arrested. We hope that everyone is in agreement that living men and women should not be endangered in any way by lifeless, faceless, unaccountable business organizations, which have no right to exist apart from public tolerance.

Lands, as found in 42 American Jurisprudence, Sec 781 thru 873, shows that a Patent of land is to be the title to land and anything else is fraud. Transfer of a Patent is by release of Patent Interest Right and not by some form of 'usury instrument' of Trust or Warranty. (See also 40 AM JUR, 577 thru 688)

Please see attached Peace Proclamation, Grand Peace Treaty, Public Notice to Vacate, Authorization to Act for the Joint Chiefs of Staff, International and Public Declaration of Possession by Right, Public International Notice to the High Courts and United Nations, and The Law of Kinds.

Notice is Given

1. Per an 1866 court case known as ex parte Milligan, 71 U.S. 2 (1866)
It has been found to be unconstitutional to try civilians by military tribunals unless there is no civilian court available. - "12. A citizen not connected with military service and a resident in a state where the courts are open and in proper exercise of their jurisdiction. It has been found to be unconstitutional to try civilians by military tribunals unless there is no civilian court available."
 2. International Peace Proclamation and Grand Peace Treaty has been in effect as of August 1st, 2021. The law of War and military occupation now must come to an end; and there is no justification for military tribunals processing non-military personnel within our borders. The Law of Necessity must come to an end and the Law of Kinds must be employed.
 3. As of Midnight GMT on 24 March 2022 all rights, interests, assets, and physical titles, claims, and possessions of the United States, Incorporated, and its franchises and derivatives, and all similar rights, interests, assets, and physical titles, claims, and possessions of the United States of America, Incorporated, and its franchises and derivatives, both insolvent incorporated foreign Debtors/DEBTORS, revert to the ownership and possession of The United States, our National Government, and The United States of America, our unincorporated Federation of States, which are the Priority Creditors of these corporations in their respective jurisdictions.
- As of this date and time, these incorporated entities have ceased to exist, and only the Principals remain. Please understand that our respective American Governments are the Priority Creditors of all British Territorial and Municipal United States persons, including incorporated entities of all kinds. These corporations, their franchises, successors, derivatives and assigns are hereby Nationalized under the Due Course of International Law and by Operation of Law that returns all Delegated Powers to the Delegators upon contractual Failure to Perform. This is the direct result of Gross Breach of Trust and violation of Commercial Service Contract, fiscal incompetence, and numerous acts of crime against the American People and States who are owed good faith and service from these organizations and the other Principals who are actually and contractually responsible for them.
4. On the evening of Wednesday the 1st day of June, in the year 2022, at 8:00 pm. Pacific Standard Time, The Nevada Assembly called together a pool of American state Citizens and empaneled a Grand Jury of 13; and we are giving notice to the military of the United States in all branches and Departments of this action.
 5. The guaranty of trial by jury contained in the Constitution was intended for a state of war, as well as a state of peace.

Follow on orders are forthwith and you are hereby ordered to stand by for further instructions.

Declaration of Jurisdiction and Provenance

Let it be known to all those to whom these Presents come that the Bearers of these State Credentials are Americans born on the land and soil of these United States. They are independent, peaceful, non-combatant civilians. They move in international jurisdiction under the protection of The United States of America, our unincorporated Federation of the States of the Union.

These Bearers are not voluntary residents of any Federated State of State and are not Parties subject to any foreign law. Their only contracts are with the Principals.

First Instruction Letter

By Anna Von Reitz

[Scanned copy to be posted on the website--- letter to Trump, Mnuchin, Sessions, and Judges Thomas Hogan and Royce Lamberth dated July 17, 2017.]

Dear Mr. President and Mr. Secretaries and Honorable Judges:

We will quickly summarize how we arrived at the current situation so that you have the necessary background to comprehend our position. Please read on.

1666 – The Great Fire of London creates the occasion for the creation of individual public trusts as a means of seizing private property: The Cestui Que Vie Act of 1666.

1702 – The British Crown and Dutch East India Company collude under Maritime Wagering Act. Living men are deemed to be “vessels” and insured. Their death/loss becomes a means of enrichment for the commercial corporations and the British Government.

1765 – The pollution of English Common Law with Admiralty Law to create “Equity Law” granting absolute power to the judiciary to seize upon and distribute private property comes to fruition in England under Lord Mansfield.

1776 – Partly in objection to this usurpation of power by the judicial functionaries, the American Colonists rebel.

1819 – The American states pass the Titles of Nobility Amendment to the original Constitution, putting teeth and penalties into earlier provisions effectively prohibiting members of the Bar Associations from holding public offices.

1822 – The then-Pope and then-British Monarch secretly collude to act in Breach of Trust against the Americans and sign the Secret Treaty of Verona.

1837 – The British Settlement Act sets aside public wastelands as “common wealth” and paupers are said to be settled upon this land, thus becoming wards of the state. This effectively prevents the lower classes from ever being landlords and provides a basis for claiming them as chattel property.

1858 – Benjamin Disraeli begins the push to enfranchise British laborers as properties belonging to the British Crown. They and their assets are seized upon in

the process as collateral backing government debt. Their "voluntary" enslavement is used to fund the British Raj in India---though they are never told any of this.

1860 – Abraham Lincoln, a Bar Attorney, is elected President. He can serve only in the private office of President of the United States (Trading Company), not as President of the United States of America, as a result of the Titles of Nobility Amendment. He contrives to start the Civil War, which is never declared by Congress.

1863 – Lincoln succeeds in bankrupting the United States (Trading Company) and issues General Order 100, placing the Grand Army of the Republic in charge of the government. The entire "war" is an illegal commercial mercenary action resulting in a military dictatorship being established in the District of Columbia.

1865 – Lee surrenders his army to Grant at Appomattox, but no official peace treaty is ever signed. The Southern States are carved up into ten military districts and all the original states are improperly subsumed into the bankruptcy of the United States (Trading Company) by a process of assumpsit.

1868 – The Creditors of the United States (Trading Company) issue a look-alike, sound-alike corporate charter called the "Constitution of the United States of America". This creates a commercial corporation merely calling itself the "United States of America" that then substituted itself for the actual government owed to the people and states of this country under The Constitution for the united States of America.

1868- 1875 -- This new "government" entity then forces the original unincorporated state governments to write new state constitutions and to assume new doing-business-as names in the form of: Wisconsin State, Connecticut State, and so on, while seizing upon the name of the original states and operating "Territorial franchises" for itself under their names: State of Wisconsin, State of Connecticut, and so on. All these semantic deceits are pulled off on the trusting public.

1907 – The 1868 version of The United States of America, Inc. is bankrupted. The land of the actual states and people is unlawfully seized upon by the creditors of The United States of America, Inc., as collateral backing its debts in bankruptcy. "Title" is taken to the land and the actual patents seized upon, with the Creditors receiving the equitable title and benefit.

1930-34 - A second corporation calling itself "the United States of America" is bankrupted. This time, FDR unlawfully converts the entire population of this country, re-interpreting our Trade Names on the land to be Foreign Situs Trusts operating in the international jurisdiction of the sea. This allows the Creditors of the bankrupt private, mostly foreign-owned "United States of America, Inc." to seize upon the labor and other private property of Americans in gross Breach of Trust owed to us by the Popes and by the British Monarch. By this deliberate fraud, we are "presumed" to be commercial vessels belonging to the bankrupt United States of America, Inc., and by process of extortion and assumpsit, are forced to pay its debts.

We are also considered "missing, presumed lost at sea" and Cestui Que Vie Trusts are established by the Municipal United States in our names. These things are operated under deceptive account designations that appear to be our names: JOHN MICHAEL DOE, JANET ANN WILSON, and so on.

1953 - We finally pay off the 1907 bankruptcy of The United States of America, Inc., but instead of returning the land patents owed to the actual states and people, those responsible pretended not to know who the land belonged to, and rolled it all up in giant land trusts, which they continued to tax, lease, rent, and otherwise benefit from in our purported "absence".

1999 - We finally pay off the 1933 bankruptcy of the United States of America, Inc., but instead of returning all the Cestui Que Vie ESTATE trust assets owed to the living people, Bill Clinton signs Executive Order #13037, stepping up the conscription process, and again, pretending that nobody knows who these accounts belong to, hoping to seize upon all our property including our names via a claim on abandonment.

2015 - President Obama puts the UNITED STATES, INC. and all its "Municipal Franchises" including the Cestui Que Vie ESTATES belonging to Americans into Chapter 7 Bankruptcy Liquidation. Almost as an afterthought, he puts the USA, Inc. into Chapter 11 Reorganization. This effectively bankrupts the entire world--- all the Municipal Government franchises dba CHINA, FRANCE, and LOUIS ALLAN FULFORD, all the Territorial Government franchises dba Germany, United Kingdom, and Lois Lillian Hardy.

2015 - Americans who have become aware of the fraud return to the land jurisdiction of their birth.

The unincorporated government of the actual states and people doing business as the United States of America revives itself. The new government issues new Sovereign Letters Patent for the states (November 4) and for the Indian Nations (November 6) and also issues an Express Trust --- The Declaration of Joint Sovereignty.

2017 - After extensive Due Process given to all the Principal Parties responsible, the liens against all the Municipal and Territorial government corporations and their franchises are completed and cured, including Agricultural Liens. January 6, 2017, a Private Registered Indemnity Bond covering all the actual states and people is lodged with the United States Treasury, and a Payment Bond is lodged with the Vatican Chancery Court.

June 29, 2017: The American states and people represented by the unincorporated United States of America visit The United States District Court for the District of Columbia and claim back their property and assets as the Paramount Security Interest Holders and Priority Creditors of the bankrupt Territorial and Municipal Government corporations and their franchises worldwide.

That all brings us forward to the present moment. The One People's Public Trust foreclosed on the Territorial and Municipal corporations, intending to create a gigantic global version of the Public Charitable Trust that they would then control. However, they are not the Creditors. We are.

We are the lawful owners of all that several generations of dishonest employees and middlemen have amassed--- and which they have hoped to claim as abandoned property.

The success of this scheme would have ended private property rights worldwide.

The Secondary Creditors had already set up a plan to discharge the debts of the Municipal franchises in bankruptcy via Treasury Direct Accounts.

This process avoids the fact that these debts are all odious hypothecated debts that the living people never owed in the first place. It also avoids the fact that the living people are the actual Paramount Security Interest Holders who have been defrauded in Breach of Trust, and instead mischaracterizes them as bankrupt "US citizens".

As our included Public and Judicial Notice- Number 4 discloses, "citizenship" is a form of indentured servitude to the government of a country, and in the modern world, it must be voluntary, proven, and equitable or it becomes a form of peonage and enslavement outlawed worldwide since 1926.

We maintain that the incorporated foreign governmental service corporations operating under color of law and purposeful deceit on our shores since 1868 have effectively enslaved our population and brought insupportable claims against our land and our assets.

We maintain that we are not and have never been subjects of nor subject to bankruptcy proceedings related to these disreputable foreign corporations and that we are owed the actual constitution.

We maintain that the Municipal UNITED STATES and the Territorial USA practiced a form of genocide on paper against the American states and people which is forbidden by the Geneva Conventions and also practiced unlawful conversion of our assets, inland piracy, kidnapping, identity theft and human trafficking against a peaceful Third Party civilian population composed of their own employees and Priority Creditors.

These actions by the UNITED STATES and USA against the American states and people are by definition international crimes of employees against their employers.

We maintain that the bankruptcy of these foreign entities doing business as the UNITED STATES and USA on our shores has nothing legitimate to do with us or our property assets and that they exist in a jurisdiction that is now and always has been foreign and separate from us.

As the Paramount Creditors, we have stipulated to the court guidelines that must be met to establish proof of voluntary and equitable federal citizenship without which no presumption of citizenship accrues to anyone born on the soil of an American state.

In practical terms this means that there are two classes of people to be addressed by The United States District Court for the District of Columbia: (1) actual federal employees and dependents who are subject to the Municipal and Territorial bankruptcies and who are owed discharge of the debts of their respective franchises as part of the general bankruptcy, and (2) Americans who are likewise owed discharge of these bogus foreign debts via probate action, collapsing the Municipal Cestui Que Vie Trusts and Puerto Rican transmitting utility franchises and other Territorial franchises that have been created by federal corporations infringing on their Trade Names without their knowledge or consent.

So the actual federal employees are owed bankruptcy protection at the same time the American states and people, who are the Paramount Creditors throughout, are owed probate action wiping away debts accrued by secondary beneficiaries, and the return of their land patents and other property assets without further disloyalty, obfuscation, claim, or delay.

We direct the Treasury and The United States District Court for the District of Columbia to administratively reconfigure the Treasury Direct Accounts to recognize these two classes of people and the two necessary but separate processes (bankruptcy settlement on one hand, discharge through probate on the other) needed to clean up this mess.

Now and in the future, we require some sure and certain means to differentiate between federal citizens and the people of the American states. This can take the form of new identification credentials that will replace the use of State of State Driver Licenses, except for actual federal employees and proven actual dependents.

We have no ill-will toward our employees despite their incompetence and the destructive nature of their misbehavior and will not object to them seeking bankruptcy protection, however, we insist that our assets are not subject to their bankruptcy and must be removed from the Public Charitable Trust and returned together with the titles and land patents and other assets owed to the actual states and people.

Discharge of odious debts both in probate (for Americans) and in bankruptcy (for actual federal citizens) can commence immediately to bring relief to both the Creditors and the Debtors, subject to creating a record keeping process at the Treasury to identify members of the two separate populations and giving each their due.

It is apparent that the plot to create one giant all-controlling public trust for the entire globe has failed and private property rights have been restored and retained throughout the world impacted by these corporate bankruptcies.

The Paramount Security Interest Holders, the American states and people represented by the unincorporated United States of America, hereby willingly order the discharge of all similar odious debts owed to them by Municipal and Territorial franchises formed under the names of living people throughout the world. Read that--- we aren't here to press claims of debt against little old ladies in Hungary or farmers in Zimbabwe or tradesmen in England who have been defrauded and conscripted and enfranchised just as we were under false pretenses and conditions of non-disclosure and deceit by their own respective governmental services corporation franchises.

Let it never be said that the Americans are ungenerous or dishonest, despite the mischaracterization and criminal misrepresentation we have received at the hands of our own employees and the Breach of Trust we have suffered at the hands of our own international Trustees for six generations.

The release of all these odious debts held against living people throughout the world in all those countries impacted can commence as soon as it can be expedited by the Treasury and IMF officials.

In the wake of this great debt restructuring and the enumeration and separation of the Creditors from the Debtors, we require that all the bankrupt bank franchises turn over their account records and prepare to negotiate terms with the actual asset holders which are for the most part private Historical Trusts. It is not our will to cause any disruption or to move assets in any destructive way, but we will have an accounting of those assets owed to the actual heirs and trustees and beneficiaries of these funds and we will have agreements with all the bankrupt commercial banks regarding access to these resources and these assets by the actual living owners for non-violent and philanthropic and purely personal purposes.

We also require a public accounting to be conducted throughout all sectors of the government that has been provided by the bankrupt governmental services corporations (state of, county of, and municipal entities) and their hired subcontracting agencies, beginning with the most recent Annual Financial Reports (APRs) of agencies and departments and public trusts in each state, the most recent Comprehensive Annual Financial Reports (CAFRs) of the State of State organizations.

Our credit may be accessed to pay for these services leading to an accurate public accounting for the first time since 1946.

Thank you for your time, attention, and understanding of these urgent issues.

International Peace Proclamation

To all whom these presents come: this Proclamation provides explicit and official International Notice that Peace has been Declared by and among the Union States of the States of America and Federation States of the Union, in receipt of the authorities of the former Confederate States, in the matter of The American Civil War. All jurisdictions and instrumentalities must comply. All Federal, Territorial, and Municipal Officers, including all Uniformed Officers, must comply.

It is required that all hostilities related to The American Civil War being conducted as a Mercenary Conflict in International and Global Jurisdictions and having been maintained for 156 years by our foreign Subcontractors, must cease and desist without further Legal Presumption of Authority.

With this Public Announcement all Executive Orders issued during and as a result of The American Civil War are set aside effective at midnight the first of August in the year of 2021.

All Medical Officers and all General Staff and Reserve and Retired elements of the American Armed Forces, U.S. Armed Forces, UNITED STATES ARMED FORCES, US ARMED FORCES, Hospital Corps, MEDICAL UNITS, Veterans Administration, United States Department of Defense, UN Peacekeepers, DOD Officers, NATO Officers on shore, all elected, appointed, or promoted personnel and their dependents, are required to cease and desist all gene therapy extinction protocols, coerced injections, mask mandates, and similar measures being promoted by the Territorial and Municipal United States Governments in Breach of Trust and under False Presumptions of War. All peacekeeping officers and police officers are fully informed.

There are no allowable exceptions and no other Powers extended. So said, so signed, and so sealed this first day of August in the year of 2021 by:

A handwritten signature in blue ink that reads "James Clinton Belcher".

International Peace Proclamation and Grand Peace Treaty

International Peace Proclamation

Be it known to All to Whom these Presents come: an International Peace Treaty has been established ending all hostilities related to The American Civil War which unofficially began in 1861 with an Executive Declaration issued by then-Territorial President Abraham Lincoln.

Grand Peace Treaty of the States

Insomuch as a mercenary conflict known as The American Civil War was engendered and fought by members of the Confederation of States existing in 1860, and that conflict has been left unresolved, now let it be agreed and declared that this Grand Peace Treaty of the States has been approved by the Owner States and has been established and bound upon these Several Parties by mutual Treaty Agreement among these and among the Several States now existing, and also applies to all Subcontractors and Employees exercising Delegated Powers:

Agreement 1: That all States and all Confederate States now or in future existing agree to an immediate and permanent cessation of hostilities connected in any way to The American Civil War;

Agreement 2: This cessation of hostilities and resulting peace extends on the soil, in the air, on the land, and at sea, and is also an obligation of all those exercising delegated powers on behalf of our States;

Agreement 3: All the States then-existing and existing now, have abolished by Roll Call Vote all forms of slavery and peonage within their borders, within their Territories and Possessions, and within the realm of their intellectual properties, so that no more legal presumptions, exclusions, or suppositions may be used to evade the paramount provisions of our Organic and Public Laws;

Agreement 4: All the States then-existing and existing now, agree via this Grand Peace Treaty of the States to uphold this peace both within and without their borders and to forever end and release the disputes arising from The American Civil War, and to return all States to their natural status and sovereignty as States of the Union without exception and according to the Equal Footing Doctrine;

Agreement 5: All States now existing agree that the votes of all State Members of the unincorporated Federation of States doing business as The United States of America are now and have remained valid without exception before, during, and after The American Civil War.

The International Peace Proclamation

By Anna Von Reitz

It was a sunny day in summer, and unusually quiet. The constant hum of traffic on the nearby road was still. James Clinton Belcher sat down at the old maple table and his hands rested for a moment on its gleaming surface. The late sun slanted through the high windows and cast a warm golden glow over the scene. It was a historic moment: the official end of The American Civil War.

In factual terms, the last shot of The Civil War came in a strange place -- the Bering Sea. It was fired by the CSS Shenandoah, the last Confederate war ship over a year after Lee surrendered at Appomattox.

Officially, however, there was no end to the war, both because of British subterfuge and public chaos. The States of the Federation were not in Session after four years of constant disruption and public hazards, and the remaining Federation Officers, a handful of men scattered from Maine to Mississippi, faced a daunting task.

Their mission was to reinstate the civilian government of this country.

There were never a large number of Federation Officers to begin with, and after The Civil War, their numbers were decimated further by age, by deaths, and by diseases that crippled their ability to travel and communicate. The situation was further complicated by wrong-headed assumptions about them and their role. Average Americans either never had or had forgotten the role of the Federation of States in the welter of semantic confusion about "the Federal Government" and the common description of the Union Army as the "Federal Army" and their troops being characterized as "Federal Troops".

In truth and in fact, the Federation of States wasn't involved in either side of The Civil War, and the handful of beleaguered Federation Officers left to conduct business were largely assumed to be bureaucrats associated with the Lincoln - Johnson Administration.

Nothing could be further from the truth. These Federation Officers were at odds with Lincoln --- not because they favored slavery, not because they fought for the Confederacy --- but because Lincoln was a Bar Attorney who used semantic deceit to obtain a position of power over this country and the American people.

For this reason, the Federation and its Officers were on guard and did not consider the Union victory any certain cause for celebration. Lincoln's death and the Lieber Code established by his Executive Order as Commander-in-Chief, left the Union Army in control of the country. They feared a military junta, both because they expected draconian retribution against average people throughout the South, and because a military takeover could easily subvert the lawful civilian government that they were responsible for restoring.

Their fears were fully justified.

In the spring of 1865, immediately upon hearing about the Armistice, two Federation Officers, an elderly man named Benjamin Belcher, and his son, also named Benjamin, made their way from their home in the newly declared State of West Virginia to the District of Columbia, where they met with President Andrew Johnson. They shared their fears for the country. Johnson agreed and promised to do what he could do.

Johnson did what he could do by declaring "peace upon the land" via three public proclamations issued May 10, 1865, April 2, 1865, and August 20, 1865. This established a public contract promising peace, but it did not actually establish a peace treaty ending the war; Johnson had no ability or authority to accomplish that, and neither did his Administration.

That would have to wait for the actual State Assemblies to act upon. The remaining Federation Officers began preparations to call the actual States of the Union back into Session. In the autumn of 1866, Benjamin Belcher sent two of his younger sons to Washington, DC, to collect the Great Seals belonging to the Federation of States.

They traveled light and on horseback, and accomplished their mission without disturbance, until they were on their way home. A troop of thinly disguised Union Army thugs attacked them, stole the Great Seals, and left the elder son for dead, and the younger one fleeing westward for his life on a horse he captured in the melee.

It is from this younger son that we know how these events transpired. The Federation Officers who remained were picked off one by one, and so, the actual States were never called back into Session, and America slipped into a stupor of confusion and deceit and armed occupation by her own bought-and-paid-for Armed Forces.

She was also consigned to a condition of perpetual, never-ending war, because those who had the standing and authority to end the conflict "could not be found". The disloyal and often ignorant officers of the Union Army and their British Allies went on to rule the world, all under color of law, set to the tune of Yankee Doodle Dandy. They incorporated their version of "the" United States of America to form a Scottish commercial corporation calling itself "The United States of America" in 1868, and they promptly enfranchised Americans as British Territorial U.S. Citizens-- subjects and property belonging to the Queen.

This allowed them to import the King's Bench to this country and to practice their foreign brand of Equity Law on our shores, and otherwise to apply "Special Admiralty" provisions, that allowed them to pillage and plunder the civilian populace at will.

They substituted their corporate elections for our Public Elections in many venues, they substituted their foreign territorial business organizations operating as "States of States" for the original American organizations, and they settled in to glut upon their victims in Gross Breach of Trust and violation of their Commercial Contracts.

Via semantic deceits and all under color of law, they imposed their Raj-like regime on the American States and People, without firing a shot. In time, only a few counties and one State would prevent them from gaining exclusive legislative control of this country.

In time, most Americans would forget about the Federation and the actual American Government --- but not all.

It was uniquely right and fitting that Benjamin Belcher's great-great-Grandson sat down at his kitchen table and signed the International Peace Proclamation officially ending The American Civil War, 160 years after it began.

All over this country sons and daughters of America have awakened and remembered who they are. They have declared their birthright political standing as Americans, made public record of their standing, and gathered together to bring their State Assemblies back into Session.

By roll call vote, these State Assemblies have adopted a formal Peace Treaty ending The American Civil War and they have abolished slavery once and for all, in all jurisdictions.

The International Peace Proclamation serves as Official Notice to all nations, all subcontractors, Agents and Principals, all elected officials and officers, both foreign and domestic. The American People have spoken at last, and their remaining Federation Officers have accomplished their duty: the restoration of the civilian government of this country, six generations and 160 years after the effort began.

Why This International Peace Proclamation Works

By Anna Von Reitz

Many people are frankly astounded by the impact that the recent International Peace Proclamation has had already. They are scratching their heads.

Many people, including President Andrew Johnson, have tried all means at their disposal to end the endless "civil war" that has been used as an excuse to pillage and plunder this country and its people for sixteen decades.

If all those officials couldn't do it over all those years, how is it that a simple one-page proclamation could make such a difference?

It's simple really. Nobody else, including President Johnson, had the standing to make it stick.

Johnson, for example, was acting as the Vice-President and later President of a British Territorial United States Company, soon to be restructured as a Crown Corporation. As such, he was CEO of a foreign, for-profit business. While in that office he could stop it from waging more war, but he had no power to resolve the war itself.

The same can be said for many other earnest efforts the loyal men and women in similar positions have tried to make, only to learn the hard way that they don't have the empowerment to end it.

Only the sovereign and independent Union States and their States of the Union operating in international and global jurisdictions, have the power and the standing and the right and the responsibility to declare the end of a war on our shores.

So, okay, the actual States have been summoned into Session and they have held a Roll Call Vote establishing a Peace Treaty ending The American Civil War, also called The War of Secession.

Are the Federal Subcontractors, two giant commercial corporations, obligated to follow suit, and if so, why?

They are obligated in this case because they are our employees and upholding the peace is now a condition of their employment or dependency.

They are further obligated because although they appear to be under separate direction --- the Municipal citizens operating under the direction of Rome, and the Territorial Citizens under the direction of the Crown and the Queen, both are ultimately owned by the Pope --- what appears to be two completely separate things are both sock puppets in his hands.

That being so and being fully exposed, Pope Francis is not able to pretend that there are any two actual sides to the purported conflict. The Americans have gone home to rebuild, and the two foreign commercial subcontracting corporations both belong to him.

If there is any continued fighting, it's because Pope Francis isn't pulling the plug and telling his respective Boards and Officers to give it up. If he doesn't, he would be guilty of war-mongering, and on top of that, we would happily charge him anywhere from between three and eight hundred times the damages, depending on the nature of the continuing offense.

He would also have to pay the entire cost of any continuing war, quite apart from any damage claims.

War is only profitable, when you can promote it without being caught, and profit from it without accruing the moral taint ---- which the Holy See has endeavored to do, successfully, for over a century and a half ---but no more.

Despite people like Ben Fulford screaming for blood in the streets, those of us who have watched the play from beginning to end are not swayed; this entire false conflict was deliberately staged, carried out with deceitful malice, for material gain.

That being so, we already know the best revenge and we are serving it cold.

Anything but peaceable action would play into their hands and allow them to unleash their venom on innocent people all over again, so instead, we are pressing onward like the force of the tide, keeping our heads. and focusing our minds.

Public International Notice -- Notice to Vacate

By Anna Von Reitz

1. The commercial organizations that have been hired by the British Government(s) and the Holy See to provide governmental services stipulated under the three (3) Federal Constitutions have been terminated in bankruptcy; our contracts are not with these subcontractors, but their bankruptcy and bad performance does impact us, and we do have cause to manage our own affairs and to make decisions with respect to the new service providers.
2. Our actual contracts are with the Principals-- the Pope, the Queen, and the Lord Mayor of London. We have not approved and do not have contracts with any of the new Municipal Corporations and/or Territorial Corporations which are seeking to create contracts by Assumption of Contract in Succession;
3. We have specifically provided Notice to the other Principals and have denied any assumption of succession by the Biden Administration for Cause. Mr. Biden is a self-admitted influence peddler and crook; there is, therefore, no controversy. He admits it. We accept that admission. The number of our Municipal Employees and Dependents who may or may not have voted for Mr. Biden is a moot issue. This decision not to hire the Biden Administration and not to allow it to represent us and forbidding access to our credit is a business decision, made by lawful Deputies, and it may not be presumed against;
4. We are the Employers and the Presumed Donors of the Public Trusts; as Donors we have returned and demanded the liquidation of the Public Trusts and the return of the Assets, unharmed and unencumbered. This includes all State Trust and Cestui Que Vie Trust Assets, all gold and silver assets purloined and deposited offshore, domestic and overseas investments, and all credit owed to the American States and People. We have provided the means to accomplish this removal of the artificial trust structure(s) that have been imposed under False Legal Presumptions and have allowed for a safe and gradual transition to State Assembly control;
5. All the territories that entered Territorial Statehood between 1860 and 1959 have been enrolled as States of the Union and have entered in to their true capacity as States according the Equal Footing Doctrine as of 1 October 2020;
6. All Territorial State-of-State organizations are provided Notice to Vacate and must begin withdrawal and transition planning. Municipal STATE OF STATE organizations which should not exist under the provisions of the Federal Constitutions have already had ten (10)

years to reorganize and liquidate their business interests and are, together with their Federal Agencies, not being allowed to continue unlawful and unconstitutional incursions.

7. It is unfortunate that this very significant down-sizing and removal of Municipal Interests is necessary, but it is clearly contra-indicated by our Founding Agreements, our Will, and our Public Intent--- not to mention being contrary to common sense and our practical benefit. The mistaken presumption that the Municipal Government represented our civilian government in our purported "absence" has resulted in our States and People being charged for a complete redundancy of Federal and federated state-of-state services by two self-interested commercial corporations, both in the business of providing governmental services. As a result, we have been paying for two departments of labor, two departments of defense, two court systems, two political administrations, and we have been putting up with not only the cost, but the confusion and infighting that results from this duplication of effort.

8. The actual State Assemblies are now in Session and prior assumptions of authority seized upon by the Territorial and Municipal Government Contractors and their respective state-of-state organizations must be released in an orderly, gradual, and peaceful manner without fear or rancor. Provision for the necessary transfers of authority and measures to re-task and re-employ people affected by this necessary restructuring are underway and should prove beneficial for all concerned.

9. All members of the General Public and International Investors as well as all members of State-of-State Legislatures have cause to know that as of 1 October 2020, all State Trust interests and all assets contained therein, have reverted to the living people of these Several States of the Union and these assets are not available for any continued speculation, use as collateral, sale, encumbrance, or abuse by the members of the United States Department of Justice serving as the US TRUSTEES nor by members of the United States Congress serving as United States Trustees together with their heirs and assigns, nor are any State Trust assets subject to any sale, distribution, secondary administrative contract, or other agreements entered into by state-of-state legislatures;

10. The Enrollment of the Western States has been made effective with and retroactively contemporaneous with their original entry into Territorial Statehood; all right, title, and interest must be yielded to those Americans who have returned and who are daily returning to their lawful standing on the land and soil of this country;

11. As a matter of Law and of proper Public Administration, all rights, titles, duties and interests in the international and global realm which were once exercised by the Confederation of the States of America and the Federal Republic have returned by Operation of Law to our unincorporated Federation doing business as The United States of America which was and is the Delegator of all mutually-held Delegated Powers of the actual States;

12. Also as a matter of Law and proper Public Administration, all rights, titles, duties and interests in the national and local government realms vest in the State and County Assemblies which are now in Session for the first time in many years, and all foreign trusts and foreign trust interests otherwise presumed to exist are dissolved;

13. The return of the actual American Government to full force and function cannot be accomplished overnight, but the foundational work to rebuild and reconstruct both the Confederation of the States of America and the Federal Republic is underway and

ongoing; as the only true Sovereign Interests in this country representing all people of all ethnicities, races, religions and backgrounds, our State Assemblies hold aloft the banner of national sovereignty and self-determination, and through their unincorporated Federation of States, they similarly uphold the ideals of individual freedom and self-determination, and yet also fully accepts voluntary cooperation with other nations for the advancement of mutual peace, security, friendly trade, social and cultural exchange, and environmental issues;

14. In the transition period, there will be a migration of elements of the American Armed Forces to occupy the position of the original Federal Republic, which is ultimately an instrumentality of our unincorporated Federation. In this way the function of the original American Federal Subcontractor can be restored without having to complete the entire Reconstruction first. Mr. Trump is selecting those elements of the American Armed Forces necessary for the task before us and they are being funded on a temporary basis until the actual final Reconstruction is in place and the entire American Government is functioning as intended.

15. Mr. Trump will be called upon to help us secure all those American assets that have been held offshore in diverse locations and we are all obligated by international law to return control of those recovered assets back to the actual unincorporated Union of States doing business as The United States, which is our domestic National Government of the Several State Assemblies, for reassignment of a portion of those assets to our unincorporated Federation, The United States of America, which is our international and global government, which then assigns resources to the Confederation and the Federal Republic which Mr. Trump and elements of the American Armed Forces, particularly The United States Army and The United States Air Force and The United States Space Force will be occupying.

16. These assignments and the correct lawful and legal arrangements have already been made and stand upon the Public International Record of the Uniform Commercial Code, but it remains under the watchful eyes of the international community to be sure that no further substitutions or impersonations or other legal chicanery is attempted by the British or other European Interests seeking to derail or delay our process or impersonate our lawful unincorporated government again;

17. Upon the receipt of control of our returned trust assets we shall be authorizing the minting of United States Silver Dollars for domestic use, and American gold coinage for use internationally; this does not imply that credit-based notes will be removed from circulation, but necessary changes will be made across a spectrum of currency products that are either based on other commodities or are commercial or military scripts; we do not anticipate that anyone needs to be harmed in this process at all;

18. We have thus far published the Enrollment of the States created during and after the so-called American Civil War and the first American Public Law in over a hundred years, which establishes punishments and prohibitions for corporations seeking to meddle with the natural genome of individual people using nanotech and patented genetic materials to create the basis to claim these same people are Genetically Modified Organisms (GMOs) subject to ownership by the patent holders. We have also published and re-issued, several years ago, our renewed Sovereign Letters Patent and our recognition of The Declaration of Independence of 4 July 1776 as the Source and Foundation of our lawful American Government;

19. The renewed Sovereign Letters Patent referenced above are our acknowledgement and receipt of those land and title interests which are ours by venerable Grant and Treaty Agreements made before, during, and after The War of Independence, and these renewed Sovereign Letters Patent represent our peaceful and mutual sharing of land and soil interests among the living people present within the borders of each one of the Several States, including the members of the Native American Nations, who are as individuals welcome to participate in the State Assemblies and who are inheritors of all the same constitutional guarantees and protections;

20. We formalized and recorded and gave International Notice of these actions to make it clear that we are the lawful Possessors and Inheritors and we are in full command of our records, our history, and our depository receipts, grants, treaties, land patents, and all presumed titles and deeds issued in our purported absence. We are not confused or incompetent or engaged in any war or controversy and wish only for a peaceful and lawful and logical way forward for our country and for the rest of the world;

21. Our government is not now nor has it ever been engaged in oppressing anyone, dictating any religious belief, harming or depriving anyone based on their race or ethnicity, promoting any system of bondage, or depriving anyone of the full enjoyment of their assets both public and private;

22. We recognize and everyone else must recognize that while there are urgent needs to be addressed throughout the world, the necessary and lawful changes will not happen instantaneously or occur at the same pace in all places; a daunting process of evaluation and education lies ahead not only for America and Americans, but for the rest of the world community. We embrace these challenges and opportunities in a spirit of brotherhood and with great determination to preserve all that is best in our communal past, while forging in the present time a firm and happy and simple basis to go forward into the future;

23. As part of our dedication to making government simple, sensible, and non-invasive, a great many of the more than 80 million statutory laws, codes, and regulations which have resulted in such nullities as victimless crimes and thought crimes and unconscionable infractions will be set aside. Both the injustices promulgated by this proliferation of private statutory laws and the economic burden of enforcing them is unsupportable and not in any sense necessary for nor conducive to the Public Good;

24. Legislation which has imposed upon the Natural and Unalienable Rights of individuals and those rights and prerogatives guaranteed by the Constitutions will similarly be rooted out, set aside and nullified, resulting in the release of many prisoners who have been victims of state-of-state, Territorial, and Municipal Prisons-for-Profit schemes;

25. Along with the long overdue nullification of these burdensome and often oppressive or nonsensical statutory laws comes the similar restructuring and removal of Administrative Codes and Administrative Agencies. The gross duplication of governmental services created in this country and the degree of public ignorance regarding the applicability of Administrative Codes which have no authority outside the corporate administration of our subcontractors will similarly be addressed;

26. All the reforms referenced above necessitate a similar reform of the court system(s) which have been administering the enforcement of these statutes and codes and expediting their improper imposition upon the General Public. Our American Justices will be returning to their proper places as Administrators and Comptrollers and those Lesser

Courts of strictly limited jurisdiction, including the courts of Special Admiralty and their Judges, will be retired and circumscribed as the American Courts revive and the lawful duties and limited jurisdictions of the foreign courts are imposed. Most particularly, Hired Jurists and Territorial and Municipal elected Judges are advised to recognize the actual identity of Americans misaddressed by court summons and faulty case initiation processes, so as to avoid further trespasses against their Employers;

27. All Political Parties which have been endured and employed as a means to foment constant Public Policy debates related to our foreign subcontractors and their incorporated commercial corporations in the business of providing governmental services--- are merely lobbyist organizations similar to labor unions or professional associations like the Bar Associations and the American Medical Association --- all of which are foreign with respect to our actual American Government and devoid of any authority related to our States, our People, and our Country. The elections which have resulted from the activities of such organizations are self-evidently private corporation elections, and do not, as they have misrepresented, result in public elections nor the lawful occupation of public offices. While we stop short at this time of outlawing such organizations generally, we do insist that their activities be disclosed for what they are, and that all those elected and appointed to private corporate offices as a result: (1) perform their constitutional duties; (2) observe the limitations of their offices; (3) fully disclose all impacts, obligations, effects, resulting legal presumptions, and applicability of registration processes-- including Voter Registrations; (4) fully disclose the limitations, applicability, and results of their foreign licensing agreements and foreign guild requirements, in the event that any American thus fully informed should choose to participate or imagine that these foreign requirements and practices have anything whatsoever to do with them.

28. Insurance is legalized gambling, and in our purported absence, a vast compendium of insurance services and insurance conglomerates with ties to international organized crime have sprung up on our shores and have been used for purposes of money laundering, unjust enrichment, and illegal investment pooling. While we realize the short term benefits that can be gained by individual investments in various forms of insurance and the institutional profits that can be realized by allowing the insurance industry to exist, we also observe the social evils associated with insurance: bonding of assets, failure to pay, widespread unilateral and unconscionable contracting practices, misrepresentation of Insured Parties, and so on. The insurance industry like the even more corrupt and corruptible securities industry, has been operating without competent Third Party oversight in virtually all States of the Union; this situation requires the establishment of State-mandated Third Party oversight and enforcement, consumer protection and Ombudsman services specific to the insurance industry, and insurance arbitration services available to the General Public;

29. Securitization of living flesh is illegal; it has been illegal and unlawful since the days of slavery and was universally outlawed on a planetary basis as of 1926. Yet, we observe the current situation promoted by the labor bonding practices of the Municipal United States Government and its co-conspirators at the Federal Reserve and DTCC, which have all promoted a ghastly trade in securitized labor and securitized living flesh despite the clearly worded prohibitions which stand as Public Law throughout the known world. The loophole used to promote this abhorrent situation is our guaranteed freedom to contract and the inability of the government to restrict our ability to contract. This freedom has been used as a means to enslave us via unconscionable contracts with babies and other minors, undisclosed third party contracts entered into "for" us by people pretending to be our agents, trustees, executors, or others in power over our affairs and assets, and

military press-ganging which has been outlawed for over 200 years. These claims ask us to entertain the idea that we can choose to enter into contracts to perform illegal acts, subject ourselves and others to criminal practices, enter into unilateral contracts with ourselves and other personas representing ourselves, be subject to contracts we are totally unaware of, and via the exercise of our freedom to contract, justify any kind of criminal activity whatsoever so long as there is a contractual obligation present. These practices, claims, and the social insanity predicated upon them are fully denied and rebutted by our Public Law, our actual binding contract requirements, and most of all, by the illegal, unconstitutional, and unlawful results of these foreign legal practices and presumptions being misapplied to Americans--- all of which serves to make the Municipal United States Government sponsored by the Holy See and those corporations conspiring with it to engage in these contracting practices, recognizable as an international crime syndicate engaged in crimes against humanity. Our Municipal Subcontractors are responsible for the misdirection and misadministration of their hirelings and franchises; they have cause to know the limitations of their service contracts, the Public Law of this country, and their own obligations to anyone born on our soil; they have deliberately and with apparent malevolent and self-interested intent built a foreign, evil, invasive, and unauthorized criminal empire on our shores in contravention of our Public Law and in violation of International and Global Law; they have employed falsified records, impersonation, constructive fraud, and barratry to do it. As a result of these crimes and the usurpation against our lawful government evidenced by the spread of Municipal Government enclaves and activities far beyond the limitations set by our constitutional agreements already noted, corrective measures have been taken and will continue until the entire criminal edifice is extracted, together with the corporations and interlocking trust directorates and individuals connected to these activities and practices.

30. In 1865, the Territorial United States Government failed its duty to fully inform and support the Federation of States. The same Territorial United States Government claimed emergency powers that were never granted to it, and used this claim as an attempt to justify its continued abrogation of its own constitutional limitations and obligations owed to the American States and People. In 1868, this same Territorial United States Government created a Scottish commercial corporation merely calling itself "The United States of America" --- Incorporated, and in an act of undisclosed constructive fraud and attempted legal enclosure, published the Articles of Incorporation as "The Constitution of the United States of America". In 1870, this same Territorial United States Government acting as the U.S. Congress, claimed that it had the right to issue corporate charters in our names---- something never authorized or granted to the Territorial United States Government, and naturally residing by Operation of Law and Jurisdiction with our unincorporated Federation of States.

In 1871, these same jackals exercised this false claim of power and authority to create multiple Municipal commercial corporations in our names and used these as instrumentalities of the District of Columbia. They also claimed to own all United States Corporations and the assets thereof as personal property. Every iota of this was accomplished under conditions of fraud, non-disclosure, and treasonous usurpation against our actual American Government and all of it was done by self-seeking foreign Employees on our payroll, being either: (a) misdirected by the foreign Principals responsible for their activities, or (b) being allowed to run wild and do all of these things by the other Principal Parties to the Federal Constitutions without oversight. In all cases, the British Monarchs, the Lord Mayors of London, and the Popes --who owed us "Good Faith and Service" in these matters were derelict and criminally negligent in the performance of their duties, including the duty to protect and inform their Employers. A similar situation accrued to the misadministration of our Patent, Trademark, and Copyright Offices. As a result, corrective measures have been taken and will continue to

be taken. The ownership interest in United States Corporations belongs to our unincorporated Federation of States, The United States of America, and to the States and People of this country, in whose names these entities were created under conditions that are otherwise constructive fraud and without any vestige of authority to exercise any such sovereign power; all corporations formed since 1860 "in the name of" either the United States or the United States of America are subject to the ownership and authority of the unincorporated American Government and our Public Law, including the Federal Constitutions. All such corporations have been given one (1) year to correct and amend their Articles of Incorporation accordingly, or choose voluntary liquidation.

31. Our relations with the Pope, the Queen, and the Lord Mayor of London are, understandably, quite strained as a result of these criminal activities and various forms of usurpation which have been employed and allowed to prosper against our lawful government. Various other Bad Faith abuses of actual Delegated Powers by these same Parties such as Giveaway Trade Agreements, Federal Block Grant kickback programs used as inducement to evade constitutional obligations and unlawfully convert local governments, especially city governments, and widespread improper enforcement of foreign contracting processes and forms of law, including the Spanish Law of the Inquisition, and participation in foreign tax schemes such as the "New Green Deal" and American Wealth Redistribution schemes predicated on the idea that our entire country was "abandoned" and without a government, and claims by the self-interested Creditors of our foreign Subcontractors that all our assets distributed worldwide were "unclaimed" and "abandoned" ---all of this and more serves for prickly Foreign Relations going forward, as it is abundantly apparent to all Parties that we have been horrendously disserved by our Employees and the Principals responsible for their employment at our expense, for the past 158 years.

32. As disturbing as all this is, together with the fact that our supposed friends and allies have in fact proven to be our most intractable and unkind and dishonest detractors, it is nonetheless the Truth. Our Affidavit of Probable Cause has been published worldwide and distributed worldwide since 2015 as part of our book, "You Know Something Is Wrong When....An American Affidavit of Probable Cause" and wet-ink signed and witnessed copies have been provided to the Principals and other responsible officials; courts serving in the international and global jurisdictions have been given proper Notice and Invocation of the Law, including the International Court of Justice, the Court of the Lord High Steward, and the Vatican Chancery Court--- and all have been moved to action upon Maxims of Law pertaining to the forms of law they each employ. The fundamental crimes of fraud, Breach of Trust, and piracy both on the High Seas and Inland Piracy, form a common thread impacting all jurisdictions of the actual Public Law on this planet. Those who have been compartmentalized and left unaware of these circumstances must now awaken and undertake correction, together with those of us who have already labored long and faithfully in the cause of decency and freedom for Mankind.

Public International Notice - Notice to Vacate

1. The commercial organizations that have been hired by the British Government(s) and the Holy See to provide governmental services stipulated under the three (3) Federal Constitutions have been terminated in bankruptcy; our contracts are not with these subcontractors, but their bankruptcy and bad performance does impact us, and we do have cause to manage our own affairs and to make decisions with respect to the new service providers.
2. Our actual contracts are with the Principals-- the Pope, the Queen, and the Lord Mayor of London. We have not approved and do not have contracts with any of the new Municipal Corporations and/or Territorial Corporations which are seeking to create contracts by Assumption of Contract in Succession;
3. We have specifically provided Notice to the other Principals and have denied any assumption of succession by the Biden Administration for Cause. Mr. Biden is a self-admitted influence peddler and crook; there is, therefore, no controversy. He admits it. We accept that admission. The number of our Municipal Employees and Dependents who may or may not have voted for Mr. Biden is a moot issue. This decision not to hire the Biden Administration and not to allow it to represent us and forbidding access to our credit is a business decision, made by lawful Deputies, and it may not be presumed against;
4. We are the Employers and the Presumed Donors of the Public Trusts; as Donors we have returned and demanded the liquidation of the Public Trusts and the return of the Assets, unharmed and unencumbered. We have provided the means to accomplish this removal of the artificial trust structure(s) that have been imposed under False Legal Presumptions and have allowed for a safe and gradual transition to State Assembly control;

5. All the territories that entered Territorial Statehood between 1860 and 1959 have been enrolled as States of the Union and have entered in to their true capacity as States according the Equal Footing Doctrine as of 1 October 2020;

6. All Territorial State-of-State organizations are provided Notice to Vacate and must begin withdrawal and transition planning. Municipal STATE OF STATE organizations which should not exist under the provisions of the Federal Constitutions have already had ten (10) years to reorganize and liquidate their business interests and are, together with their Federal Agencies, not being allowed to continue unlawful and unconstitutional incursions.

7. It is unfortunate that this very significant down-sizing and removal of Municipal Interests is necessary, but it is clearly contra-indicated by our Founding Agreements, our Will, and our Public Intent--- not to mention being contrary to common sense and our practical benefit. The mistaken presumption that the Municipal Government represented our civilian government in our purported "absence" has resulted in our States and People being charged for a complete redundancy of Federal and federated state-of-state services by two self-interested commercial corporations, both in the business of providing governmental services. As a result, we have been paying for two departments of labor, two departments of defense, two court systems, two political administrations, and we have been putting up with not only the cost, but the confusion and infighting that results from this duplication of effort.

8. The actual State Assemblies are now in Session and prior assumptions of authority seized upon by the Territorial and Municipal Government Contractors and their respective state-of-state organizations must be released in an orderly, gradual, and peaceful manner without fear or rancor. Provision for the necessary transfers of authority and measures to re-task and re-employ people affected by this necessary restructuring are underway and should prove beneficial for all concerned.

9. All members of the General Public and International Investors as well as all members of State-of-State Legislatures have cause to know that as of 1 October 2020, all State Trust interests and all assets contained therein, have reverted to the living people of these Several States of the Union and these assets are not available for any continued speculation, use as collateral, sale, encumbrance, or abuse by the members of the United States Department of Justice serving as the US TRUSTEES nor by members of the United States Congress serving as United States Trustees together with their heirs and assigns, nor are any State Trust assets subject to any sale, distribution, secondary administrative contract, or other agreements entered into by state-of-state legislatures;

10. The Enrollment of the Western States has been made effective with and retroactively contemporaneous with their original entry into Territorial Statehood; all right, title, and interest must be yielded to those Americans who have returned and who are daily returning to their lawful standing on the land and soil of this country;

11. As a matter of Law and of proper Public Administration, all rights, titles, duties and interests in the international and global realm which were once exercised by the Confederation of the States of America and the Federal Republic have returned by Operation of Law to our unincorporated Federation doing business as The United States of America which was and is the Delegator of all mutually-held Delegated Powers of the actual States;

12. Also as a matter of Law and proper Public Administration, all rights, titles, duties and interests in the national and local government realms vest in the State and County Assemblies which are now in Session for the first time in many years, and all foreign trusts and foreign trust interests otherwise presumed to exist are dissolved;

13. The return of the actual American Government to full force and function cannot be accomplished overnight, but the foundational work to rebuild and reconstruct both the Confederation of the States of America and the Federal Republic is underway and ongoing; as the only true Sovereign Interests in this country representing all people of all ethnicities, races, religions and backgrounds, our State Assemblies hold aloft the banner of national sovereignty and self-determination, and through their unincorporated Federation of States, they similarly uphold the ideals of individual freedom and self-determination, and yet also fully accepts voluntary cooperation with other nations for the advancement of mutual peace, security, friendly trade, social and cultural exchange, and environmental issues;

14. In the transition period, there will be a migration of elements of the American Armed Forces to occupy the position of the original Federal Republic, which is ultimately an instrumentality of our unincorporated Federation. In this way the function of the original American Federal Subcontractor can be restored without having to complete the entire Reconstruction first. Mr. Trump is selecting those elements of the American Armed Forces necessary for the task before us and they are being funded on a temporary basis until the actual final Reconstruction is in place and the entire American Government is functioning as intended.

15. Mr. Trump will be called upon to help us secure all those American assets that have been held offshore in diverse locations and we are all obligated by international law to return control of those recovered assets back to the actual unincorporated Union of States doing business as The United States, which is our domestic National Government of the Several State Assemblies, for reassignment of a portion of those assets to our unincorporated Federation, The United States of America, which is our international and global government, which then assigns resources to the Confederation and the Federal Republic which Mr. Trump and elements of the American Armed Forces, particularly The United States Army and The United States Air Force and The United States Space Force will be occupying.

16. These assignments and the correct lawful and legal arrangements have already been made and stand upon the Public International Record of the Uniform Commercial Code, but it remains under the watchful eyes of the international community to be sure that no

further substitutions or impersonations or other legal chicanery is attempted by the British or other European Interests seeking to derail or delay our process or impersonate our lawful unincorporated government again;

17. Upon the receipt of control of our returned trust assets we shall be authorizing the minting of United States Silver Dollars for domestic use, and American gold coinage for use internationally; this does not imply that credit-based notes will be removed from circulation, but necessary changes will be made across a spectrum of currency products that are either based on other commodities or are commercial or military scripts; we do not anticipate that anyone needs to be harmed in this process at all;

18. We have thus far published the Enrollment of the States created during and after the so-called American Civil War and the first American Public Law in over a hundred years, which establishes punishments and prohibitions for corporations seeking to meddle with the natural genome of individual people using nanotech and patented genetic materials to create the basis to claim these same people are Genetically Modified Organisms (GMOs) subject to ownership by the patent holders. We have also published and re-issued, several years ago, our renewed Sovereign Letters Patent and our recognition of The Declaration of Independence of 4 July 1776 as the Source and Foundation of our lawful American Government;

19. The renewed Sovereign Letters Patent referenced above are our acknowledgement and receipt of those land and title interests which are ours by venerable Grant and Treaty Agreements made before, during, and after The War of Independence, and these renewed Sovereign Letters Patent represent our peaceful and mutual sharing of land and soil interests among the living people present within the borders of each one of the Several States, including the members of the Native American Nations, who are as individuals welcome to participate in the State Assemblies and who are inheritors of all the same constitutional guarantees and protections;

20. We formalized and recorded and gave International Notice of these actions to make it clear that we are the lawful Possessors and Inheritors and we are in full command of our records, our history, and our depository receipts, grants, treaties, land patents, and all presumed titles and deeds issued in our purported absence. We are not confused or incompetent or engaged in any war or controversy and wish only for a peaceful and lawful and logical way forward for our country and for the rest of the world;

21. Our government is not now nor has it ever been engaged in oppressing anyone, dictating any religious belief, harming or depriving anyone based on their race or ethnicity, promoting any system of bondage, or depriving anyone of the full enjoyment of their assets both public and private;

22. We recognize and everyone else must recognize that while there are urgent needs to be addressed throughout the world, the necessary and lawful changes will not happen instantaneously or occur at the same pace in all places; a daunting process of evaluation and education lies ahead not only for America and Americans, but for the rest of the world

community. We embrace these challenges and opportunities in a spirit of brotherhood and with great determination to preserve all that is best in our communal past, while forging in the present time a firm and happy and simple basis to go forward into the future;

23. As part of our dedication to making government simple, sensible, and non-invasive, a great many of the more than 80 million statutory laws, codes, and regulations which have resulted in such nullities as victimless crimes and thought crimes and unconscionable infractions will be set aside. Both the injustices promulgated by this proliferation of private statutory laws and the economic burden of enforcing them is unsupportable and not in any sense necessary for nor conducive to the Public Good;

24. Legislation which has imposed upon the Natural and Unalienable Rights of individuals and those rights and prerogatives guaranteed by the Constitutions will similarly be rooted out, set aside and nullified, resulting in the release of many prisoners who have been victims of state-of-state, Territorial, and Municipal Prisons-for-Profit schemes;

25. Along with the long overdue nullification of these burdensome and often oppressive or nonsensical statutory laws comes the similar restructuring and removal of Administrative Codes and Administrative Agencies. The gross duplication of governmental services created in this country and the degree of public ignorance regarding the applicability of Administrative Codes which have no authority outside the corporate administration of our subcontractors will similarly be addressed;

26. All the reforms referenced above necessitate a similar reform of the court system(s) which have been administering the enforcement of these statutes and codes and expediting their improper imposition upon the General Public. Our American Justices will be returning to their proper places as Administrators and Comptrollers and those Lesser Courts of strictly limited jurisdiction, including the courts of Special Admiralty and their Judges, will be retired and circumscribed as the American Courts revive and the lawful duties and limited jurisdictions of the foreign courts are imposed. Most particularly, Hired Jurists and Territorial and Municipal elected Judges are advised to recognize the actual identity of Americans misaddressed by court summons and faulty case initiation processes, so as to avoid further trespasses against their Employers;

27. All Political Parties which have been endured and employed as a means to foment constant Public Policy debates related to our foreign subcontractors and their incorporated commercial corporations in the business of providing governmental services--- are merely lobbyist organizations similar to labor unions or professional associations like the Bar Associations and the American Medical Association --- all of which are foreign with respect to our actual American Government and devoid of any authority related to our States, our People, and our Country. The elections which have resulted from the activities of such organizations are self-evidently private corporation elections, and do not, as they have misrepresented, result in public elections nor the lawful occupation of public offices. While we stop short at this time of outlawing such organizations generally, we do insist that their activities be disclosed for what they are, and that all those elected and appointed to private corporate offices as a result: (1)

perform their constitutional duties; (2) observe the limitations of their offices; (3) fully disclose all impacts, obligations, effects, resulting legal presumptions, and applicability of registration processes-- including Voter Registrations; (4) fully disclose the limitations, applicability, and results of their foreign licensing agreements and foreign guild requirements, in the event that any American thus fully informed should choose to participate or imagine that these foreign requirements and practices have anything whatsoever to do with them.

28. Insurance is legalized gambling, and in our purported absence, a vast compendium of insurance services and insurance conglomerates with ties to international organized crime have sprung up on our shores and have been used for purposes of money laundering, unjust enrichment, and illegal investment pooling. While we realize the short term benefits that can be gained by individual investments in various forms of insurance and the institutional profits that can be realized by allowing the insurance industry to exist, we also observe the social evils associated with insurance: bonding of assets, failure to pay, widespread unilateral and unconscionable contracting practices, misrepresentation of Insured Parties, and so on. The insurance industry like the even more corrupt and corruptible securities industry, has been operating without competent Third Party oversight in virtually all States of the Union; this situation requires the establishment of State-mandated Third Party oversight and enforcement, consumer protection and Ombudsman services specific to the insurance industry, and insurance arbitration services available to the General Public;

29. Securitization of living flesh is illegal; it has been illegal and unlawful since the days of slavery and was universally outlawed on a planetary basis as of 1926. Yet, we observe the current situation promoted by the labor bonding practices of the Municipal United States Government and its co-conspirators at the Federal Reserve and DTCC, which have all promoted a ghastly trade in securitized labor and securitized living flesh despite the clearly worded prohibitions which stand as Public Law throughout the known world. The loophole used to promote this abhorrent situation is our guaranteed freedom to contract and the inability of the government to restrict our ability to contract. This freedom has been used as a means to enslave us via unconscionable contracts with babies and other minors, undisclosed third party contracts entered into "for" us by people pretending to be our agents, trustees, executors, or others in power over our affairs and assets, and military press-ganging which has been outlawed for over 200 years. These claims ask us to entertain the idea that we can choose to enter into contracts to perform illegal acts, subject ourselves and others to criminal practices, enter into unilateral contracts with ourselves and other personas representing ourselves, be subject to contracts we are totally unaware of, and via the exercise of our freedom to contract, justify any kind of criminal activity whatsoever so long as there is a contractual obligation present.

These practices, claims, and the social insanity predicated upon them are fully denied and rebutted by our Public Law, our actual binding contract requirements, and most of all, by the illegal, unconstitutional, and unlawful results of these foreign legal practices and presumptions being misapplied to Americans--- all of which serves to make the Municipal United States Government sponsored by the Holy See and those corporations conspiring

with it to engage in these contracting practices, recognizable as an international crime syndicate engaged in crimes against humanity.

Our Municipal Subcontractors are responsible for the misdirection and misadministration of their hirelings and franchises; they have cause to know the limitations of their service contracts, the Public Law of this country, and their own obligations to anyone born on our soil; they have deliberately and with apparent malevolent and self-interested intent built a foreign, evil, invasive, and unauthorized criminal empire on our shores in contravention of our Public Law and in violation of International and Global Law; they have employed falsified records, impersonation, constructive fraud, and barratry to do it. As a result of these crimes and the usurpation against our lawful government evidenced by the spread of Municipal Government enclaves and activities far beyond the limitations set by our constitutional agreements already noted, corrective measures have been taken and will continue until the entire criminal edifice is extracted, together with the corporations and interlocking trust directorates and individuals connected to these activities and practices.

30. In 1865, the Territorial United States Government failed its duty to fully inform and support the Federation of States. The same Territorial United States Government claimed emergency powers that were never granted to it, and used this claim as an attempt to justify its continued abrogation of its own constitutional limitations and obligations owed to the American States and People. In 1868, this same Territorial United States Government created a Scottish commercial corporation merely calling itself "The United States of America" --- Incorporated, and in an act of undisclosed constructive fraud and attempted legal enclosure, published the Articles of Incorporation as "The Constitution of the United States of America". In 1870, this same Territorial United States Government acting as the U.S. Congress, claimed that it had the right to issue corporate charters in our names---- something never authorized or granted to the Territorial United States Government, and naturally residing by Operation of Law and Jurisdiction with our unincorporated Federation of States.

In 1871, these same jackals exercised this false claim of power and authority to create multiple Municipal commercial corporations in our names and used these as instrumentalities of the District of Columbia. They also claimed to own all United States Corporations and the assets thereof as personal property. Every iota of this was accomplished under conditions of fraud, non-disclosure, and treasonous usurpation against our actual American Government and all of it was done by self-seeking foreign Employees on our payroll, being either: (a) misdirected by the foreign Principals responsible for their activities, or (b) being allowed to run wild and do all of these things by the other Principal Parties to the Federal Constitutions without oversight. In all cases, the British Monarchs, the Lord Mayors of London, and the Popes --who owed us "Good Faith and Service" in these matters were derelict and criminally negligent in the performance of their duties, including the duty to protect and inform their Employers. A similar situation accrued to the misadministration of our Patent, Trademark, and Copyright Offices. As a result, corrective measures have been taken and will continue to be taken. The ownership interest in United States Corporations belongs to our unincorporated Federation of States, The United States of America, and to the States and

People of this country, in whose names these entities were created under conditions that are otherwise constructive fraud and without any vestige of authority to exercise any such sovereign power; all corporations formed since 1860 "in the name of" either the United States or the United States of America are subject to the ownership and authority of the unincorporated American Government and our Public Law, including the Federal Constitutions. All such corporations have been given one (1) year to correct and amend their Articles of Incorporation accordingly, or choose voluntary liquidation.

31. Our relations with the Pope, the Queen, and the Lord Mayor of London are, understandably, quite strained as a result of these criminal activities and various forms of usurpation which have been employed and allowed to prosper against our lawful government. Various other Bad Faith abuses of actual Delegated Powers by these same Parties such as Giveaway Trade Agreements, Federal Block Grant kickback programs used as inducement to evade constitutional obligations and unlawfully convert local governments, especially city governments, and widespread improper enforcement of foreign contracting processes and forms of law, including the Spanish Law of the Inquisition, and participation in foreign tax schemes such as the "New Green Deal" and American Wealth Redistribution schemes predicated on the idea that our entire country was "abandoned" and without a government, and claims by the self-interested Creditors of our foreign Subcontractors that all our assets distributed worldwide were "unclaimed" and "abandoned" ---all of this and more serves for prickly Foreign Relations going forward, as it is abundantly apparent to all Parties that we have been horrendously disserved by our Employees and the Principals responsible for their employment at our expense, for the past 158 years.

32. As disturbing as all this is, together with the fact that our supposed friends and allies have in fact proven to be our most intractable and unkind and dishonest detractors, it is nonetheless the Truth. Our Affidavit of Probable Cause has been published worldwide and distributed worldwide since 2015 as part of our book, "You Know Something Is Wrong When....An American Affidavit of Probable Cause" and wet-ink signed and witnessed copies have been provided to the Principals and other responsible officials; courts serving in the international and global jurisdictions have been given proper Notice and Invocation of the Law, including the International Court of Justice, the Court of the Lord High Steward, and the Vatican Chancery Court--- and all have been moved to action upon Maxims of Law pertaining to the forms of law they each employ. The fundamental crimes of fraud, Breach of Trust, and piracy both on the High Seas and Inland Piracy, form a common thread impacting all jurisdictions of the actual Public Law on this planet. Those who have been compartmentalized and left unaware of these circumstances must now awaken and undertake correction, together with those of us who have already labored long and faithfully in the cause of decency and freedom for Mankind.

Authorization to Act --- Joint Chiefs of Staff

By Anna Von Reitz

Notice to Principals is Notice to Agents; Notice to Agents is Notice to Principals

Authorization to Act -- Joint Chiefs of Staff

As we have often noted, this country is being used as a battleground for a perpetual Mercenary War based on False Legal Presumptions.

Those Presumptions have included the idea that our American Government is missing, in interregnum, absent, and that therefore, there is a custodial interest for the British Territorial United States Government and the Municipal United States Government, and more recently, the United Nations Organization.

Please note that our unincorporated Federation of States doing business as The United States of America is the government of this country in international and at the present time, global jurisdiction, as well.

Over the past five years, eligible Electors have been painstakingly identified and documented, and our Fifty State Assemblies have been called into Session.

These General Assemblies are able to function as Committees of the Whole and to take valid Roll Call Votes of eligible State Electors who are State Citizens, to resolve issues of international and global import.

Our Federation of States and our State Assemblies are the only entities with the standing to operate as the lawful American Government. All other efforts to reorganize have included District citizenry and fail to observe the legal and lawful requirements.

Three international votes have been taken.

The first vote was answered by those State Assemblies that were organized prior to the Civil War and resulted in the formal enrollment of all former Territorial States as States of the Union as of 1 October 2020. This formally ended any emergency-based custodial interest by any foreign government in those States.

The second vote established the first new Public Law in over a century, which forbids among other things, commercial claims against people who have received patented scraps of DNA or RNA, which, without disclosure, serve to provide an excuse to label these people "transhumans" and claim them as property owned by the patent-holders.

It is now formally and officially illegal to inject people with foreign DNA or RNA in this country, effective 1 January 2020, and the United States Provost Marshals, United States Marshals and Interpol and the American Armed Forces including the United States Army and Air Force are authorized to intercept, arrest, try, and incarcerate all corporations and corporation officials engaged in promoting injection campaigns and undisclosed unilateral contracting processes against unwary Americans.

The Third Vote which has been completed with 49 States in Agreement and 1 State Abstaining for lack of Quorum, has established a Peace Treaty formally ending the American Civil War which commenced in 1861 and which has continued as a perpetual emergency until 1 August 2021, when our States have issued a joint Peace Treaty formally ending the hostilities.

These actions on the part of the properly identified and organized American People are direct Presentations, not representations, to the other Principals and all incorporated instrumentalities exercising any of our delegated powers whatsoever.

Whereupon, the United States Provost Marshals, United States Marshals, Interpol, and appropriate units of the American Armed Forces, are requested and required to enforce the International and Public Law of this country and immediately act upon the International Arrest Warrants already issued and published, and to proceed with the apprehension of all corporation officials responsible for promotion of the Trans-Human Agenda.

These are commercial and international crimes against Humanity, amounting to genocide on paper, as these legal mechanisms seek to re-label and redefine living people as property assets belonging to corporations, deprive the victims of their established rights, and their property interests.

Those who have participated in this scheme include all the drug companies that have benefited themselves, all the research corporations that have similarly benefited, all the Governors who have continued to issue mandates and other proclamations in support of this scheme, all media companies that have allowed

themselves to spread and enforce propaganda for profit and supported censorship in this country, and those other parties who upon further investigation have been involved in the deliberate and knowing and self-interested promotion of this agenda.

Please note that our American Government has been at peace since 1814 and this entire country is now at peacetime status. The peacetime flag should be flown at half-mast until 0800 on 12 September 2021 in remembrance of all those who have suffered and lost their lives for nothing but filthy lucre.

So said, so signed, and so sealed this 9th day of August 2021 in Big Lake, Alaska:

International and Public Declaration of Possession by Right

By Anna Von Reitz

As of Midnight GMT on 24 March 2022 all rights, interests, assets, and physical titles, claims, and possessions of the United States, Incorporated, and its franchises and derivatives, and all similar rights, interests, assets, and physical titles, claims, and possessions of the United States of America, Incorporated, and its franchises and derivatives, both insolvent incorporated foreign Debtors/DEBTORS, revert to the ownership and possession of The United States, our National Government, and The United States of America, our unincorporated Federation of States, which are the Priority Creditors of these corporations in their respective jurisdictions.

As of this date and time, these incorporated entities have ceased to exist, and only the Principals remain. Please understand that our respective American Governments are the Priority Creditors of all British Territorial and Municipal United States persons, including incorporated entities of all kinds.

These corporations, their franchises, successors, derivatives and assigns are hereby Nationalized under the Due Course of International Law and by Operation of Law that returns all Delegated Powers to the Delegators upon contractual Failure to Perform. This is the direct result of Gross Breach of Trust and violation of Commercial Service Contract, fiscal incompetence, and numerous acts of crime against the American People and States who are owed good faith and service from these organizations and the other Principals who are actually and contractually responsible for them. Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.

This is also your International Notice that Federal Reserve Notes are a domestic currency of the British Territorial United States that have been misused and misrepresented as international currency and which have been passed off as currency of our country, The United States. These notes are not the Reserve Currency, which remains defined as the American Silver Dollar. Federal Reserve Notes have been funded via imposition of an undisclosed scheme to extract the value of labor from living people, resulting in both enslavement and involuntary peonage. Federal Reserve Notes cannot serve as legal tender as they are value-based upon criminal activities.

All production of Federal Reserve Notes must cease as of Midnight GMT 24 March 2022; properly serialized Federal Reserve Notes will be repatriated and exchanged for new American Silver Certificates for domestic use on a 1 to 1 basis, and with a new international currency species backed by refined petroleum, and with gold-backed Unidollars which will serve as an additional Reserve Currency benefiting all countries worldwide. Lawful coinage will also be reissued under the authority of our unincorporated Federation of States doing business since 1776 as The United States of America.

It is of paramount importance that everyone realize that there are two or more entities operating as “the” United States and as “the” United States of America and these are not our country nor are they our government. They are foreign services contractors that are supposed to be working in accord with and in obedience to their constitutional obligations, but for some years now, they have operated in fraud, added unauthorized layers of bureaucracy, promoted fraud against their employers, and extended “emergency powers” to themselves that do not exist.

These persons are criminals and are engaged in known criminal activities while acting under color of law and pretending to either be our government or to be associated with our government so as to steal our identities and access our credit and illegally, unlawfully, and immorally use our assets as collateral for their debts. These Debtors/DEBTORS have then contrived to confuse our people with their citizenry, so as to bring false claims of indebtedness against our Good Names and estates.

Nobody born on American soil should be presumed to be any form of United States Citizen, U.S. Citizen, citizen of the United States, or Municipal United States PERSON. All United States District Attorneys are to be on-call and required to produce admissible and verifiable evidence in all District Court cases necessary to ascertain the actual political status of Defendants/DEFENDANTS and are also required to prove voluntary and knowing acceptance of Federal citizenship obligations on the part of Defendants in order to establish jurisdiction for any District Court or enfranchised State-of-State Superior Court.

All foreign countries and nations are asked to assist us in disciplining and/or apprehending criminals who are misrepresenting themselves as Americans and/or mischaracterizing Americans as some form of United States citizenry.

All foreign countries and nations are asked to observe that Federal Reserve Notes are a domestic British Territorial currency that have to be repatriated and verified through the issuing Treasury and must have serial numbers that attach to verified accounts in order for repatriation and full face value exchange for international hard currency issued by the American Government to occur. In the case of counterfeit bills a 20% Finder Fee will be paid.

These arrangements are being made in the Public Interest of this country and all other countries that have been accepting Federal Reserve Notes without knowing

their actual provenance, their status as a foreign domestic currency of the British Territorial United States, and without knowing the illegal basis of their valuation. We are holding these persons and their legal tender in receivership.

Declared by: James Clinton Belcher, Head of State for The United States of America and Anna Maria Riezinger, Fiduciary for The United States of America as of this 23rd day of March in the year of 2022, and so said, so signed, and so sealed.

Public International Notice for the High Courts and United Nations

You have all received Notice regarding the fraud scheme attempting to use Alex Tallon and his doctored documents as a shield to justify claims against the Code FLAT Assets. We have, by my count, now contested his claims and proven that they are fraudulent no less than four (4) times, and have the administrative and court records to prove it. It's time for him to be in jail, not lauded as some kind of Seven Star "Secretary Governor General" of the UN.

Next, it's time to transition politely and calmly and expediently from any presumption that Jimmy Carter had the right or authority to turn over any of our state laws or offices to the United Nations for administration. A sovereign nation can sleep as long as it likes without asking permission from its employees. We wake to find a great many people taking a great many liberties with our property rights, and others making completely insupportable assumptions, so let's clear the air and the records.

All Treaties and all Land Grants up to 1860 universally belong to The United States of America, our unincorporated Federation of States. All the interlopers and incorporated imposters fronted by the British Crown and the Popes since then have no standing whatsoever with respect to land and soil in this country.

All land "titles" that the Queen has assumed are hereby dissolved by action of the sovereign government, except in those cases where the title holder is actually and voluntarily and knowingly acting as a British Territorial U.S. Citizen under conditions of full disclosure. All other land claims depend on our Treaties, United States Land Patents and our cadastral survey and landmarks.

After 1860, all land interests entered into Territorial Statehood according to The Northwest Ordinance. As of October first of 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record. All now-fifty States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest.

The Corporations, including incorporated Corporations, which have been established in our names ever since 1860 are all interrelated to associations and

charters granted by the Kings and Queens and Popes operating in our names via fraudulent assumption of powers never granted to them, and now all those parent corporations are bankrupt and in receivership to us, their Priority Creditors. Every single one. Any idea that these corporations are free to run rampant is completely wrong-headed. The charter-interest has simply reverted to the actual owners and these corporations, both Territorial and Municipal, are now standing under Public Law, not private law.

If they fail to operate lawfully --- a far higher standard than to merely operate legally -- the corporations will be dissolved, and their officers will be arrested. We hope that everyone is in agreement that living men and women should not be endangered in any way by lifeless, faceless, unaccountable business organizations, which have no right to exist apart from public tolerance.

Finally, for today, another Filipino Fraud scheme has reared its head above the horizon, with claims that the Philippine Island Archipelago has been sold to unknown investors. No, it has not. In order for that to happen, they would have to buy the Philippines from us, and we have not sold our interest in the Philippines nor do we tolerate any fraud artist attempting to "represent" us in this matter.

Whoever is claiming to have purchased the Philippine Islands is either the victim of a fraud or the perpetrator of one, and in either case, they hold nothing more than a vacant pledge or title from some Party never having an interest to sell.

Please note that the controlling interest in the land of the Philippines is established by the Spanish-American Treaty established as a Treaty of Paris in 1898, and also note that the Territorial Corporation was acting as our Agent in the matter and our money paid for the accommodations and the issue was settled in a jurisdiction wholly belonging to us.

The most interest that the Territorial Government could ever claim would be in the nature of a custodianship owed to The United States, our unincorporated Government operating the soil jurisdiction of this country.

It follows that the Territorial Government was similarly limited to its own interests and jurisdiction in passing on The Treaty of Manila Bay, which in effect, only transfers administrative duties from one British Crown Corporation to another, and has no impact whatsoever on our land jurisdiction treaties with the Spanish and International Powers.

The Law of Kinds

By Anna Von Reitz

I wish to bring everyone's attention to bear on one of the most ancient, most fundamental, and most unarguable foundations of law --- The Law of Kinds, which is established in the Book of Genesis, where the Creator declares that each creation is ordered according to their kind: animals to animals, birds to birds, men to men, and so on.

This Law of Kinds also applies to all forms of Common Law and forms of law deriving from Common Law, so that there is a firm and not-to-be-trespassed boundary between living people and dead corporations, between fact and fiction.

The criminality that presently infests the world is caused by attempts to evade and circumvent the Law of Kinds, so as to redefine people as corporations and vice versa. This comprises a whole class of crimes known as "Personation Crimes" which include identity theft, false arrest, impersonation, unlawful conversion, human trafficking, kidnapping, racketeering, extortion, and fraud.

The courts that exist in America now are 99% foreign and virtually none of them have any official capacity to address a living American. They all depend on a ruse of mistaken identity and false claims of citizenship obligation to function.

These false claims of foreign citizenship obligation are propped up by falsified documents called "registrations" and specifically by "Birth Registrations" which are phony, but which stand until and unless people wake up and "record over them" and change the political status attached to their names by these registration documents.

So -- when you walk into one of these foreign courts, they already have "information" at their disposal that stands as evidence that you are a foreign citizen living here in this country as a "resident". They have a Birth Certificate showing that you are a Territorial U.S. Citizen and they have a BIRTH CERTIFICATE indicating that you are a Municipal CITIZEN of the United States, and they have nothing --- nada, zip, zero --- on any Public Record saying otherwise.

They accordingly treat you as a "foreign person" and prosecute you under foreign law.

And in a sense, you consent to this because you take no action to object to their presumptions and you do nothing to create admissible evidence rebutting the registrations they have created in your name.

This is how you, a living American, wind up in a foreign court of "strictly limited jurisdiction", without a clue as to how that court is viewing you or what kind of law you are being prosecuted under.

You have to object to this, and as much as possible, you have to present admissible evidence of the fact that you are an American without any foreign citizenship obligations.

The intention of a future act claiming back your birthright political status and estate as an American is not sufficient. Just saying, "Hey, I'm an American!" in court is not sufficient.

This is because you can be an American and still have foreign citizenship obligations --- like all those Americans who serve in the Federal Civil Service and all those who serve in the United States Military Service and all those Americans who serve as "officers" -- elected and otherwise, of various kinds of corporations.

The key issue that these Interlopers cling to is a presumption that you are "voluntarily" engaged as a Transactor in Commerce, because they have regulatory authority (however misinterpreted) over interstate commerce. Your exemption from this legal presumption is found in Section 16, the Enabling Clause, of the Federal Reserve Act.

You need to look them in the eye and say, "I am a living American without citizenship obligations. I am not a voluntary Transactor in commerce. I am exempt from your jurisdiction and I claim my exemptions, remedies, and reliefs,"

Then you need to plunk down a copy of the Birth Certificate or BIRTH CERTIFICATE issued in your name as evidence of the crime committed against you when you were just a baby, and a copy of your recorded declaration of political status standing as evidence in your favor.

It is both illegal and unlawful for these courts and agencies to "misaddress" you as if you were something you are not, or as if you were engaged in activities that you are not engaged in, but it is up to you to object and hold them feet first to the fire. It is also up to you to invoke the Law of Kinds --- what are you, a living man, an American owed the Public Law including the Guarantees of the Constitutions, doing in a court that is limited to administering the affairs of corporations, public transmitting utilities, commercial vessels and foreign citizenry?

In every case the Prosecutor bears the burden of proof and he never does produce any public evidence of jurisdiction for himself or the court, because you never make him prove who he is and in what capacity he is acting, and you never stop to question the nature and jurisdiction of the courts you are facing.

Most people never create and bring forward evidence that compels the courts to stand down, either --- but that is changing.

When we first started this effort court wins were few and far between, but as we have amped up our declaration and recording processes and as more and more Americans have stepped up and defended their identity in court, the pendulum is swinging in our favor.

Remember that the Birth Certificates issued in your name provide powerful evidence of a crime committed against you when you were only a few days or weeks old, at a time when you could not possibly object or correct this foreign registration process--- or even be aware of it.

Remember that the Declarations of political status that you establish and record in Public prove who you are and the political status you claim in opposition to the phony registration that was foisted off on you as a baby.

Any foreign court faced with those two pieces of evidence, and your objection to being misaddressed and misrepresented as a foreign person, is looking down the equivalent of a double-barreled shotgun; what these looters have done to you in stealing your identity and misrepresenting your political status is a capital crime in international jurisdiction.

Just like rustling cattle, it's a hanging offense.
