

Here is a list of thing we need to complete before we can think of standing.

1. First the standing is a state wide process.
2. We need to finish all are documents like Ohio did to show are procedures and guidelines.
3. We need to complete all the seals required for all office. Clark County, Militia, Sheriff, recording offices, etc...
4. The Jural Assembly needs to be up and running and making decisions on Nomination, guidelines, and offices that need filled. We need to watch the video for Jural Assemblies.

Follow the what the book is talking about. There is some of the book that does not able today. Like only white men, (Anna has spoke about the origin of this statement and it definitely doesn't apply to us)

5. Do jury court training for Justices, clerk, recorder, ombudsman, court procedures.
6. Get the election committee trained (and every other committee) and creating there procedures, rules, and guidelines. Fully operational!!
7. When the election committee is ready to create the nominations for the elections.
 - a. The election committee will get the nominations ready to vote in next meeting.
 - b. The Jural Assembly will vote on the nominations.
 - c. The election committee will post the nomination for 5 weeks in different public place and record the date, time, and video or pictures of the location or news paper in
 - d. They will follow up every week to make sure they are not gone and if they are record it and post new ones in every location or paper.
 - e. The nominations will be removed and the election committee will call for a vote on the nomination.
 - f. Then the election committee will post the results in the same public location for 5 weeks and record and take pictures or videos. They will go back every week to the palce posted and make sure they are not gone if they are replace the and record.
8. Elect PKTF lea-son and Marshal lea-son for Nevada.
8. Send document to all de-facto offices of the results as per Anna's teaching.
9. Get the PKTF and Marshall's involved in the Ex-parte-milligen.
