Doug Hulsebus,

This is a follow up email on the requested information from you.

**As a Coordinator of the Nevada Assembly**, I am making this request to you.

You claim that you are the Marshal-at-Arms of the Nevada Assembly when I have recordings on March 30, 2025 a vote of no confidence in you.

On April 5, 2025 a vote to remove you and then following that vote for Doug Hulsebus to never hold a position in the Assembly.

With that said, you are saying you are the active Marshal-at-Arms then you should have all the documentation of the Assembly.

That is the role of the Marshal-At-Arms and you will have everything the Oversight Committee needs to do the audit.

As I request, so the people can do an audit of what has been done in the people's name we need copies of **ALL documentation from the Assembly, videos (meetings and other), and every email list sent out on every meeting and committee's paperwork.**

If the Assembly is not hiding anything from the people, then this request should not be an issue.

This is your second request for copies of **ALL documentation from the Assembly, videos (meetings and other), and every email list sent out on every meeting and committees paperwork.**

Until this is done, the cease-and-desist stays in effect. Any spending or using the Assembly's asset is **fraudulent.**

Let's get this done so the business of the Assembly can move forward.

Rockie,

You have proven my point...Thank you. You did not get approval to send this from the people. You did not provide the proof of mailing and in fact the letter is not even signed. The rest of your garbage is just your way of distracting others from the truth. Mic Drop!

The only one that is smearing anyone is you and hiding things from the rest of the assembly. So, get off your high horse.

I sent out the letter, again if you would get on the meetings you would know that. Aaron being the Chairman is the one who should be sending out these notices, but Aaron was on vacation and could not do it. I do not get any meeting invites from Sue and she does not talk to me about sending one out. So, I talked to Anna and she gave me the information to do it. I was just making sure it got out from Nevada.

The letter is attached and it is in the meeting download if you would of downloaded it. It was sent out Thursday night.

I would like any meeting downloads and any documents that get sent out and from all committees from your group. So, please do not hide anything and forward all meetings and documentation to me.

This is what I call hiding information and block people from helping in building the Assembly. So, lets stop blocking or not sending out email to everyone. I do send out emails to everyone on the list. I and many more do not get the email or cannot get into the meetings.

This is the peoples Assembly not just the people up north.

So, I am waiting for all the information from you to get caught up on where everyone and the Assembly is.

One more thing if Sue is going to send out notices on our behalf she needs to use her legal or lawful name on them. NOT Sue Hulsebus. There is no such man or woman named that. Her name is Susan Beth Yamael-Hulsebus and that is what should be on those documents. I look at this as fraud. You all will get this Assembly in trouble by not using our real names on state documents.

So, I am telling you this now stop it and follow what Anna says we need to do.

Rockie,

I have not received a reply from you on this matter. I hear you say you are open and transparent, and you want to work together. Apparently, you have been caught in a lie and are refusing to answer my questions and provide the proof. As a response, you go on the smear campaign against the banking committee. Are you trying to distract everyone from the truth. As Terrie says, Liars Lie. And she may be correct with you. No response and lots of allegations that you have no proof to back up.

I am asking again for the third time...Please answer the following questions.

- 1) Who sent the "WHO" letter?
- 2) I would like to review a copy of the letter that was sent.
- 3) Please send the tracking information and date and time it was deposited into the USPS.
- 4) Why wasn't the Nevada Assembly given a chance to review the letter before it was sent?

Rockie,

As the Marshal at Arms for Nevada I am extremely concerned about your response:

- 1) Who sent the "WHO" letter?
- 2) I would like to review a copy of the letter that was sent.

It seems very strange to me that a letter would have been written and sent as you have a line item on your next meeting agenda to discuss the "WHO" letter. That meeting is scheduled for July 20, 2025. How could a letter have been sent out prior to the meeting and discussion?

I am not sure how anyone can take your emails seriously when you cannot even spell or use the correct words. By continuing to communicate in such a poor manner you are making Nevada look like a joke. With all the spelling and grammar checks available for free and/or utilizing a second set of eyes on your documents you could avoid casting a negative light on all the good people in the Assembly.

I got this letter from someone and wanted to let you know one has already been sent to the WHO.

If you were emailing everyone and talking to me I would know what you have planned and we could do this together as a whole.

Please, change the way we organize and get things done.
