New Business :

1. We reviewed and discussed the NGA Cash Report kindly provided by Brian.

2. Recording fees. Our Assembly has previously determined how much money is collected from each recording and how those funds are distributed. We determined that the recording secretaries may keep a portion of the funds. The rest goes to the state Treasury. Only a few of the recording secretaries are distributing the funds as agreed. Where are the funds going? We are currently researching this and will reconvene to discuss when we get more information.
3. Suggested donation to Anna. We discussed the budget and where we are financially. Currently we don't have the cash reserves to make the suggested donation but we are working on solutions and this topic can be revisited.
4. Assembly Bank: There has been some progress and we will update the Assembly as needed.
5. There were no other suggested topics for this meeting. If you have additional topics please email suebh@nevadaassembly.org
